Sirs:

41
We deeply wish you'd go back to your old system of identifying MP's on the Prime Minister's Question Hour, i.e., telling us where they come from in the UK —instead of merely telling if they're Labour or Conservative. The accents vary widely all over the UK; & it's very helpful to know each's ~~constituency~~ constituency, ie, Cardiff East or Highgate, London. Please get rid of the present unhelpful system.

Sincerely,
