Personal Attention of Mr. Brian Lamb

Dear Sir,

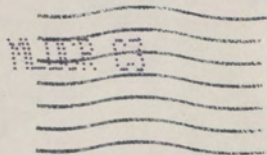

Regarding the 'phone call you received from a lady on 4/1/92 regarding Sen. Kennedy being in contact with USSR during Pres. Reagan term.

I saw the same item on T.V. about 3 weeks ago. The T.V. program showed a Russian man holding up a letter from Sen. Kennedy.

You may contact Pat Robertson on the 700 Club for this news item that wasn't made public to "John Q. Public" on regular stations.

Why is it that they had it & C-Span and others don't announce it? Possibly: "Managed News"?

Thank you.
