Dear Brain:

The enclosed was recently printed in a publication I subscribe to. I thought it may be of interest to you since you have a most quizical look on your face when one of your caller mentions the "Trilateral Com-mition, the Council on Foreign Relations, or the Bilderbergers." It aeems that they must be our shadow Government or something that is costing us poor "suckers" onw way or another to meet the specific goals. The trade agreements and the loans by the World Bank and the IMF have not been in the interest of the United States. The removal of the U, S. Attorney in D. C. that was about to indict Dan Rosten-towski "stink" is a political payoff by Clinton and no one can tell me different. Thank goodness for "C-Span" that is attempting to bring some of this to light by just listen-ing to your astute callers that aren't as dumb as the poli-titions they we are. Keep up the good work! and Thank you!

Yours for more enlightened,
