Washington DC 20001

Dear Mr. Lamb,

I am writing this letter to express my sincere gratitude and appreciation to you and C-SPAN for your continued support of the Close Up Foundation.

I was in Washington DC participating in Close Up activities during the week of the inauguration. That one week of fun and learning will live in my memory for years to come. At first some of my friends and I were a little disappointed because we thought we would room with students from other regions of the country. Instead, the other students in our hotel were from Arkansas and Miami. We soon discovered that even though we share many similarities, everyday life is different in each community. The workshops we had gave us time to share our culture, history and government. Quickly, we began to know one another and about each others home towns.

Being in Washington DC for the inauguration festivities was an added bonus. It is great to know that one gets to take part in history in the making. It was the most people I had ever seen at the same time and place. Not only were the people there to see the new president be sworn in but some were also there for the anniversary of Roe versus Wade. It was the first political rally I had ever seen in person.

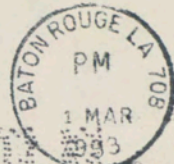

Close Up is a wonderful organization and thanks to you and other businesses many students benefit from this exciting "close-up" look at our nation's government. I hope you will continue your support

for years to come. Many people have yet to learn the importance of their role in the government and this program behooves not only them but the entire country by showing them that their actions do matter. I am grateful that I had the opportunity to participate.

Sincerely,

A solid black rectangular redaction box covering the signature area.
