Dear Sir:

Enjoy many of your shows
but the one I find most interesting
was the Republican conference at
Princeton held Feb. 23 or there about -
at any rate it was on a Friday and
they had many pollsters discussing future
trends and prognostications. I saw
only half the show and have been
hoping to see a rebroadcast, but all in

let me know when it will be

make every effort to see the whole
program - I look forward to hearing
from you in the near future. Thanks -

Sincerely,
