Dear C-Span Producers,

I had enjoyed watching C-Span
call-in because it was a refreshing
change from "that barking the same
tune" watchdogs of the news media.

Here lately too many guests
like Eeany, meany, miney mona
Charen have been on your program.
The likes of her have produced the
freedom of rockets in banks and
investment firms in which a few
have bilked billions, charged to
the tax payers, while others are
homeless, losing their homes from
lack of income. The average person
has never had more rules and
regulations or paid more taxes.

It is high time for justice
to raise up with liberty and
justice to all.

Mona Charen and her likes
have had their day in the sun,
they should be retired into
oblivion.
