

Mr Lamb:

After 39 years & more & 3 days
with Trailways I am sorta tired of
buses - No doubt you ^{will} feel the same
way as I after many years of traveling.
I've had tours all over the U.S. Even
thou Trailways merged with Greyhound
I'm glad to be home enjoying life &
60° degrees weather -

For Sure I will not buy a
Wall Street Journal any more.
It seems as if there's no facts
to back up what they print -
Money is the name of the game -

For certain on the 30th of Dec.
Chiff Jackson apologizes to The
Citizens - It spoke of the attorney
being remorseful about his role
in the allegations of presidents
infidelity - Also the Wall Street
Journal called in a farce, meaning
a fantasy -

He like to have David Brock
back on C Span & the attorney, &
trappers. It was very sad to turn
on the 20th Leach, Ben Rich Doll was

on the air speaking of whitewater.
The people were lined the highway
to pay their respect to a good
nurse & mother - I made a VCR
tape of all comment I could catch.
I got plenty including D'Amato
on "Imus Talk Radio" with his
vulgar talk... I now know what
they have in the Senate, I'm
sending my tape to Mr Billy
Graham's home in N. Cal as
the Baptist Churches support his
foundation to feed the
hungry in Somalia & Bosnia.
His son Franklin oversee the
process of distributing the food -

It seems as each time some
one mention Bush or Reagan the
party can't get the question out
till the host cuts the caller off.

My Thoughts -

Reagan mothers favorite Bible
verses 2 Chron 2:15

Someone tell my buddy Bud the Earl
tried to take his life - And did Reagan
pay taxes on his astrology?
