O - Amer Pres

on 7/12/99 I watched the comments on President Grant. I watched with great interest John & Simon and Mr. Brantz, Great Grandson. Over 50 years ago I was given a letter from my oldest Son, Grand father. He gave it to me saying it would be worth a lot of money someday. He had kept it in his wallet, folded for a long time, and since he was an alcoholic I just thanked him, and put it in a drawer and forgot about it. But in 1998 I found it and it was so delicate I was afraid to even open it up. But then I realized my Ex Father in Law was right. It is a letter from General Grant to another General during the war. Too delicate to handle, after I saw the date and his hand writing, so I gave it to my Son who has called many

Museum, etc. The only one that  
we would begin to trust is in  
Los Angeles, because we cannot  
let those handle it that may  
further damage it. So all of  
these years later and having  
much financial difficulty, I  
am also proud that I have  
such an important document.  
I was enthralled listening to  
these two men speaking and  
that is why I'm writing. I truly  
believe this document is real.  
I have gone to book stores  
to read about General Grant,  
and my heart raced listening  
to Mr. Dietz and Simon. Not  
because of the money it could  
be worth but, sadly having it  
curried in a drawer for so  
long. I believe as my son does  
it is authentic and that is  
why we cannot trust it to  
museums, to be examined but  
by a professional. My son has  
it locked in his safe, and

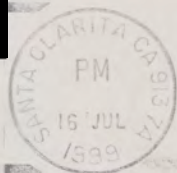

I was hoping C. Span could help  
putting me in contact with  
Mr. Simon or Mr. Dett. My  
trailer name is [REDACTED]  
Sadly I have tried to find  
my Sheloned Father, party but  
not luck. Only facts are his  
obituary in paper, and, the  
courthouse burned down in  
Tulsa where he was born. My  
Mother only knew him for two  
years before they married, but  
she wasn't disappointed. Wonderful  
husband / Father. So if C. Span  
could contact Mr. Simon or  
Mr. Dett. I am 76 can't drive  
too far, and cannot trust any  
one. Another person in the letter,

"Mr. William Frazier gave me  
the letter in care and wanted  
my son to have it. Thank you  
any help
