C-SPAN
400 N. Capitol St. #650
Washington D.C. 20001

Dear C-SPAN operators:

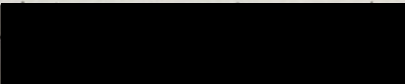

I realize that as a fledgling broadcasting station, you may get a lot of criticism from the veterans of the industry. I wanted to, however, take this opportunity to compliment you on filling a tremendous void on the airwaves. I enjoy the uninterrupted viewing that C-Span allows as opposed to the broadcast stations of NBC, CBS, and ABC. It does make a real difference to hear various positions without the inane prattle of the news commentators and other "experts".

I have relied on C-SPAN all summer for information on vital election year coverage. Some of my favorite shows of the summer were : Road to the White House; Journalists' Roundtable; and Delegates Roundtable (as well as other shows whose name I can't remember). Even though I am a Democrat, I feel it's important to know Republican positions on issues as well. C-SPAN does an excellent job of balancing Republican and Democratic speakers and issues.

And so, speaking on behalf of those twenty year old college students who balance their *Yo MTV Raps* with healthy doses of political rhetoric, would like to extend a whole-hearted thank you to C-SPAN and a hope that quality stations like yours continue.

Note: As a Broadcast Major at San Francisco State, I must say that the camera work of some of the programs leaves much to desired. Hiring S.F. State graduates would eliminate this problem!

Sincerely Yours,

A solid black rectangular box used to redact the signature of the sender.
