

Dear Sir or Madam.

I think you do a fabulous job of reporting life in Washington and I do agree: + the opportunity of becoming a well informed citizen. One small criticism, however. I was delighted to see your coverage of the Pope's arrival. Since you only covered his arrival and nothing on any of the following days, I believe the coverage was done just as a photo op for the President. I was disappointed.

Sincerely,

APEX NC 27502
