pompous Ass!!!

there, pontificating about poverty,
while he quotes Marx in his 3 piece suit!
I've had it!! to Min. into the program &
mentions May Day - I was waiting for just now
long it would take! He is a stupid, pompous
Marxist who got his job because he is black ✓
Hon. Hansberry's "Raisin in the Sun") is NOT great,
Speer is interesting, at times & at times, innovative. West
is hung up on Black, on Af - Am., on Marx (Russia tried it
for 80 yrs!!! - stupid -) I refuse to listen to these idiots
any longer NO! It didn't take long for the Anti-Semitic
MORE, garbage to find its way in, either - B.S. 90
