Linda Heller,

Madam,

Thank you for the nice gift & the memo re: the new C-SPAN Quarterly.

I think it is an excellent idea and am looking forward to receiving my first issue.

C-Span is very much a part of my life. Since retiring & being widowed I have my TV on very much.

I have written a few "love notes" to Brian Lamb and Susan Swain and even had one of them published in Update!

I consider the programs of the very highest quality and love the opportunity they afford me in "getting acquainted" with so many people right in my own home!

Respectfully,
