Brian Lamb,

It's hard trying to capture one's caricature when the TV camera is not **PANED** on you long enough at any one time, and then the head is moving so much, but ^I think I finally got you and your staff.

You have my permission to use these caricatures ⁱⁿ anyway that you wish for future promotional material.

If you show these on your C-SPAN. Please have one of your staff to notify me, so that I may ^{make a} tape on my VCR. I watch C-SPAN every morning, It's been said many a time that your FORMAT is the best thing going for this country! They can take those National Affiliated News Commentators like... Carol 'Simpleton' Simpson, Peter Jennings, BERNIE SHAW and TOM BLOWKAW and his NIGHTWEE NEWS and put them in a bottle, cork it, and put it out to SEA!!!

Hope all of you like your caricatures.

Sincerely
