

Dear Sir or Madam

004475 OCT 15 91

I am a political Science Major at Emory University of PA. So often I hear on C-SPAN about you providing people with information about different groups or organizations. Now I need to know if you can help me. I want to learn about different organizations that sponsor and conduct seminars on subjects related to political science throughout the country and in Washington. Of special interest to me is info about political campaigns and Public Administration. Your help in directing me to such groups would be greatly appreciated. I shall look forward to hearing from you.

Sincerely
