

O - Call-in

9.11.95

Dear C-Span:

I'm a huge fan, but for the first time
you are making me angry!

I want to hear the Senate's roll-
call votes! It takes some effort to
follow them anyhow, but it's impossible
when you blank it out. True, it's better
hearing even Sen. Ashcroft than those
insipid call-ins, but better still when
we can hear the clerk.

Again, if you must interrupt the
Senate in session, do it during the
Quorum calls when nothing is happening.
The votes are the climaxes.

Thank you:
