Dear Mr. Lamb:

You spoke several times regarding Ross Perot, and people were tired of seeing him. That could be said about anyone. I believe you need to reconsider why.

Ross Perot was able to buy some buying time in the Dallas-Ft. Worth area, and I saw his program. Perhaps the media has seen it and will not let him

buy time because<sup>2</sup> of the content  
of his show - not because of  
Russ Perot.

It seems that corporate America  
is controlling the media. For some  
reason (and I am beginning to  
understand more all the time),  
the media does not report the  
truth told about NAFTA. It  
is appalling what is happening  
to communities all across our  
nation because industries are  
relocating in foreign countries  
in order to keep workers at

my last image. That seems  
the American and wrong. We  
have spent trillions of dollars  
defending our nation and the  
concept of capitalism. It has  
come to the point where capitalism  
is as evil as communism  
if it deprives our taxpayers of  
honest labor and forces them  
to be dependent on the state.

I ask that you consider  
what I have just expressed  
as a serious concern.

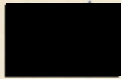

(over)

Sincerely

P.S.

Mr. Pano,

You may think that people lose jobs all the time, as one of your guests stated. That just is not so. One good rule I use when I make a decision is to ask myself how I would feel. That is what I am doing now, and I ask you the same — How would you feel if your job should be shipped to Mexico?
