

To C-span Directors, P. S. your interviewer? 7-29-90

SEP 06 ANS'D
I cannot afford to call you, when the call runs
up a considerable bill, while you chat with re-
porters, also, many of your guests, swallow their
words making them unintelligible. This has
been ~~mentioned~~ ^{mentioned} by callers. Some of your reporters
make definitive statements without facts.

I listened, with interest, to the discussions
but have reservations about many conclusions,
which go unchallenged. May I say, the gentleman
named as "Brian" often speaks so he cannot be
heard without turning up the sound, too loud.
I have no hearing disability. In general, your
programs are good but can stand improvement,
