o-impeach

After listening to an interview of Karen Hosler of Baltimore Sun on C-SPAN, I think an excellent subject for C-SPAN to sponsor is role of media during the impeachment trial - i.e. by her own admission, she said her role during trial was to determine the impact of managers testimony on the Senators - smells like jury tampering to me - especially when the Sun will write and ^{no doubt} ~~no~~ editors - value their findings, as a matter of fact the Senators should be muzzled during proceedings
