Dear Mr. Lamb,  
I love you as an Interviewer on all  
the Round Table Talk Shows - Call-in - You  
have done your Home Work - you are prepared  
with questions I would ask if I called in -  
(however I get tongue tied on the phone - so I  
write - lots of letters - But I have two  
boxes to pick with you.

It seems all (or most all) the Media  
Journalists (Big well known News Papers -  
Magazines etc) see no evil - hear no evil -  
uncover no evil. Like October Surprise!  
Why a Republican would never steal  
an Election - sell Arms for Hostages -  
seek illegal funds from Foreign Arabs  
to fund a Army (any Republican Administration  
programed to overthrow their Government)  
our Republican CIA mined their Harbor -  
but if this was a Democratic Administration  
these Journalists would smear me all the  
way to the Federal Courts -

And the other bone is your Journalist  
seem to all be Republicans of the Reagan and  
his Administration, started bashing ~~the~~ blaming  
Jimmy Carter for all the ills in Our Federal  
Government and Bush took up where he left  
off - Your Journalists can find no good in  
Jimmy Democratic Candidate - they are the ones  
who keep Bush's Approval Poll high - he can  
do no wrong - they have made Democrat  
second class - no Presidential Qualifications  
I think every Republican are afraid to  
listen to what the Democrats are Campaigning on -

The 10 yr. neglect of America - Foreign  
Policy comes first - & Crumbly away America  
let the thousand points of light (Volunteers)  
take care of Education - Child Care - Health Care -  
Rebuild, Highway - Bridges - Airports - The  
Spending all of the Trust Funds that were taxes  
collected for Social Security for Creation  
Retirement - Gasoline - sin taxes to rebuild our  
Highway etc - We the People are charged these  
taxes but these taxes are not used for what  
the taxes were collected for - King George spends  
the Trust Funds for anything he wants -

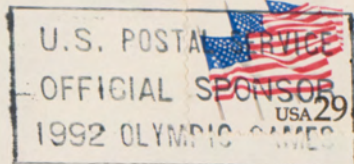

Is this what your Journalists bash  
Democrats for - is these Domestic Problems  
unnecessary - only winning Wars - not trying  
to control the world more important than what  
Our Constitution says? In Order to form  
a more Perfect Union? what has George  
Bush done in Iraq to promote a more  
Perfect Union? He is promoting himself  
as King over a New World Order -

So Mr. Lunt with you please get  
some Journalists that put Democrats on a  
pedestal for a charge - It seems to me all  
the Corruption in our Federal Government  
has been performed by Republican Administration  
Please be fair with my Party - Put  
them on the back for a charge

I do love your show - but your choice  
of Journalists really make me mad & my TV  
is turned in to a span - especially when you  
are the moderator in the

Sincerely,
