Dear C-Span,

O-W
I've given your new morning format a chance and I don't like it! You have effectively limited the voice of the viewer. Too much time is allowed for discussing newspaper articles. Also, you don't give call-in viewers enough of a chance to interact with guests. Guest speakers are given too much time to discuss trivia.

Also, when you do have open phones there is no guest speaker to respond so this limits the effectiveness of the caller. I

am very frustrated by your new format. Could we change it back to the old way especially "Journalist Roundtable"?

Thank you for considering
my views.

Sincerely
