Ms. Angela P. Hunter,

Your kind reply to my letter has just arrived, your note was dated 23 July, at about which time there was a one-week restoration of service. But, perhaps I did not explain properly:

We, supposedly, have full-time C-SPAN now - only carried on ch. 25 from midnight to 6 P.M. when it shifts to ch. 35.

The picture is always fine, but, 5 or 6 days out of a week, the sound is close to or is inaudible.

MCTV blames C-SPAN.

Many thanks for all you, & C-SPAN do

for a most grateful public

Sincerely,
