To day seen Childish President used
the same old play - Writing Script for
the people on the air to push his park
ad Crime Bill through: Using the same
Childish game he used in Italy and
France to Honor our war dead. Can
a man with Honor - Honor any one but
himself.

Based on what I know The President &
is dead wrong. Guns don't kill people;
people kill people? Not till when
these gangs are locked up there is
no leg isolation that will work. This
war on the street is deadly; because once
you have a member of your side in these
people; it is until death we
part. The Family and the member are
at risk

We know the mob, pitel fark and others
and they should be locked in

and treated, these victims are swaged into these groups early as Eight and Nine. Once in they fear for their lives - I know. It is also rampant in our school system all over Alabama, Elementary and High Schools. Right under the nose of Congress, the schools in D.C. have been guarded for over 30 years. The president had a big problem in Little Rock. The Moes from LA, filtered into that era.

One important thing that I failed to mention which Mr Clinton is Boasting on the news waves, echoed by one of his members; That in the Last Three (3) years his Stimulus Budget has shown Prosperity.

Since he has been president for only 1 year and approx 8 months; I wonder how he could explain this - But he forgot; DisRemember or has he inhaled too much. His WAY for us Kids?

Sincerely
