first invitation response

regrets being unable to attend the President's dinner
 As [redacted] suffers from an unrecognized disease as does husband [redacted]
 Her reply may be in poor taste but what is poor taste compared
 when human lives and principles are at stake?
 Can not afford to put 86 year old [redacted] in a nursing home
 As 1988: a month Social Security must be spent in frugal living including taxes.
 You Republicans insult her intelligence
 By requesting a contribution to Republican senatorial committee
 As you know [redacted] does not believe in campaigning that should be abolished
 And law passed to vote directly at the polls.
 The campaign and dinner funds should be given directly to President Clinton
 whose administration has devised a five year economic plan
 To reduce the tremendous horrendous deficit, that is hurting all, rich and poor.
 Our nation needs change with no criticism from the republicans - no filibustering of good
 who have not proven in past administrations they are the best. causes.
 Have ex-presidents Bush, Reagan, Ford and Nixon
 Helped to legislate a decent new medical system?
 No, God's truth has not been brought out. Just kept the fraudulent results
 Of a former New Orleans physician who made a wrong prognosis as to a 2:00 a.m. blood test
 That became a fraudulent enterprise by the A.M.A. and the medical
 That has hurt our already poor economy as Doctors and hospitals are getting funds
 They do not deserve for unearned services.
 What has happened to justice in our nation?
 There is little justice in our justice system as Bush and Reagan know
 When they put innocent Lyndon LaRouche and friends
 into jail on fraudulent charges.
 The world is angry and Lyndon LaRouche and friends must be released.
 Thus far dirty republican politics are still in evidence.
 [redacted] heart is breaking as her granddaughter [redacted] *no pregnancy*
 in Alaska has this horrible disease Multiple Sclerosis *and cure*
 [redacted] must speak about God's great medical discovery
 Of her dear ones MAY die as well as dear friends.
 Her spirit can not be broken as God came to her in 47 and 48
 Although then she was too shy and frightened to speak out properly.
 [redacted] must speak out as let's face it, ex-presidents
 Bush and Barbara have a thyroid complication
 Reagan and Nancy have lupus, a skin cancer.
 Many dear friends are ill from osteoporosis
 An X-ray shows same disease has affected Helen's spine.
 There are all kinds of disease and how many Americans
 Suffer from all the cancers and painful arthritis?
 These ex presidents may be likeable personalities but they have not proved
 By their governing to gain Helen's respect and pride in their achievements.
 Will these republicans and A.M.A. jail or murder her
 For daring to write out God's life-saving truths?

Sincerely,

[redacted signature]

do not have some form of this unrecognized disease*

regrets she can not accept your kind invitation

To attend the plush fourteen hundred dollar ticket dinner on May 12th

She would have enjoyed to meet and converse

With handsome presidents and their beautiful wives

And dancing later perhaps to graceful waltzes

Even rock and roll to the heady beat of Jail House Rock.

and Americans are confident

That Ford, Carter, Reagan, Bush and Bill Clinton

Are not dictator tyrants

Who believe in suppressing freedom of man

Just to attain administrative glory.

Demos and Gops should resurrect a new justice system

So that illegal and false evidence

Could not be conjured into courts

To incriminate prisoners to undeserved sentences.

Jails are cold, stark dungeons with no human warmth

Of family, friends or outside stimuli.

The world listens to sad voice of innocent Lyndon LaRouche

Who has spent 1538 horrenduous days in jail

And the world hears the sweet song of Rochelle Ascher

Singing "Please Release Me" from 305 days in prison hell

And last but not least, the sorrowful plea of Michael Billington

From the agony of 985 days of incarceration.

A nation divided can not stand

As has been proven by the cruel horror of the Civil War.

Demos & Gops should not fight like cats and dogs

But work together on a deficit reduction plan as

Americans are weary of the battle between the two parties.

Also work together to renew infrastructure

Drop special interests and improve the stagnant economy

By implementing new systems of health, culture

And especially justice in our great nation.

We are all on the altar of God

And should use our minds, conscience and hearts

To right the wrongs of injustice to our fellow men.

God bless us all in America and the ill and hungry around the world

And try to stay out of war's obscenity and achieve WORLD PEACE!

An interesting note of this artist writer whb could have become
 The Baroness of Westerhaven, Denmark as her third husband's father
 Was of royal lineage and left Denmark to come to America where
 He changed his family name of [redacted]

[redacted] could not speak Danish so she married [redacted]

Dear Mr. Mitchell if you love God have a copy of this letter to you to be given to all the Congressmen. Thank you.

Dear Mr. Mitchell:

TOTAL INCOME

All you Congressmen amaze me writing for funds from a poor Social Security lady whose husband lays dying in a Health Care Center. You have high salaries that should take care of all your needs.

If you wish the economy to improve then request that the A.M.A. demand that I prove my theory and have a 2:00a.m. blood test made to prove that I am ill with an unrecognized disease that I have been carrying for 47 years that the A.M.A. and medical profession refuse to recognize as they do not seem to care about healing just getting money for unearned services.. Our most important asset is good health for presidents, congressmen and humble citizens like me.

We must protect the Social Security Trust fund and you congressmen can handle it. Stop the thieving of this fund for interest on loans etc. whatever. It should be in an independent agency.

I've read important books with truth such as WHAT EVERYONE SHOULD KNOW ABOUT SOCIAL SECURITY, The LaRouche Program To Save the Nation (Reversing 30 years of post industrial suicide), The ADL book of the Anti-Defamation League, and Travesty, a true crime story by the EIR. We need a new system of government. President Clinton is trying but he has too much pressure against him if the Congressmen do not help him.

This lady is turning to God entirely. He loves me and I will love myself, I will use my time alone, fully, instead of worrying and wishing for relationships, With God's help I can make my own decisions, I can find the source of my well-being within myself, and Remain focused on my spiritual center.

God bless you and yours and me and my family.

Sincerely,

I can not send funds for campaigns
That is my belief.
I see God in everything.

Warrenton, Or 97146

P.S. NO MORE letters please UNLESS YOU RESPECT MY THOUGHTS

I am open to all the wonderful possibilities within myself and God's universe
I will remember that nothing lasts forever and I have as much to learn from the pain as the joy. I have learned, God AND AM LEARNING.
I am ready to accept all good things to my life.
I use affirmations daily. I am fully aware of and enjoy the simple pleasures of life, beautiful flowers, listening to good music and reading spiritual messages. I am grateful for the opportunity of continued growth.
