

As usual, can't get thru. Very 4-6-92
important people hear Jerry Brown's
complete program. He's never been
given time to really explain. If
people ^{heard} what I heard in part last
December, before anyone was really
listening, no one would vote for
anyone else. Didn't care for
Donahue format. Only goes to prove
candidates can be polite, but didn't
show vs anything worthwhile.
