

# UCSB CAMPUS

## In colorful Springtime Array

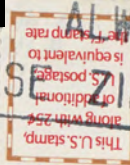

These fascinating and colorful trees common to South China, known as the Coral Tree, are truly an interesting addition to the landscaping of the campus area with the Administration Building in the background.

Woody Gillette photo

C-SPAN II, Thank you for including signing on your 2-16, 6 PM show "State of the State" from Lansing, MI. I'm concerned that occasionally their hands were being blocked by information regarding the speeches. In my case, I can hear, & only watch the signing to practice my own, for I have deaf friends, but what about deaf persons' more familiar with signing than lip reading?

Thank You

Pub., Dist. by Woody Gillette, 1204 W. Neclarine, Lompoc, Ca. 93436
