Dear Sir

Reference "Irish Election Special"

I was disappointed that Brian Lamb did not pursue his line of questioning when Una Claffey dismissed the Northern Irish situation as not being a factor in the election. His next question should have been "WHY"?

Could one of the outstanding reasons be the Irish government ban on all interviews, on both radio and television, with Sinn Fein, a legitimate political party. Ms Claffey being "in television" works hand in glove with this ban. How would President-elect Clinton have fared under such a ban?

Yours faithfully
