Attn: Program Director

Never

Please, please re-air, after
Mr. Newt's morning press
conferences!

You don't rerun these
most relevant remarks Mr. Newt
has regarding the issues confronting
WE THE PEOPLE everyday, enough!

Many times we miss his daily
conferences because of the early scheduled
hour and the Pacific time zone.

Please have more concern for your
viewers in the West. Thank you.
Sincerely,

P.S. (over)

And please put your cameras
on these reporters who are
asking the questions. We'd
also like to know who they
are and what paper or television
station or network they represent.
