NEVADA APPEAL

Vol. 126 No. 8

Carson City, Nevada's capital, May 24, 1990

NOW -- WHERE'S THE "MORAL"
UNITED STATES RESPONSIBILITY???

OFF-HAND -- THERE ARE NO
MORAL "BLACK" GOVERNMENTS OR
DEMOCRACIES IN AFRICA.

US interferes

TO THE EDITOR:

About 20 years ago, a USA program of "moral" propaganda, economic sanctions and degrading harassment (with unrelenting regularity) was directed against the English "white" Rhodesia government in Southern Africa.

The propaganda key word was "apartheid" and the policy purpose was to induce "the whites" to give up power and accommodate a black majority elected government, with built-in minority guarantees.

In 1979 the program was successful and "free" ZIMBABWE was born!

The United States shared in the credit and responsibility for the emergence of this new black democracy, and its "power sharing accommodation."

Shortly after assuming the duties of prime minister (1980), Mr. Robert Mugabe declared a "state of emergency," which effectively circumvented all the guarantees under the new Constitution, Bill of Rights, etc.

During the ensuing years (1981-85), with the state of emergency remaining in force, there was a reign of terrorism, disappearances, torture, arrests, and hundreds of killings perpetrated by Mugabe's government and his Zanu political party youth groups.

By 1986, Mugabe arrogantly declared that a single-party socialist system of government would be instituted by 1990. Mugabe's betrayal elicited no unrelenting USA criticism or "moral outcry." In fact, U.S. foreign aid was not even cut off (or sanctions even threatened).

And, for some queer reason, there has been a virtual media "blackout," since 1986, about events in "free" democratic Zimbabwe(?).

Undoubtedly, wide publication of the

disastrous foreign policy failure in Rhodesia-Zimbabwe would not enhance majority support for the USA propaganda and sanction "program" to similarly democratize the Republic of South Africa.

But, this time, the USA programmed policy of "interference" is dangerously unrealistic!

The Afrikaners are "Africans." South Africa is "their homeland."

UNPUBLICIZED REALITY -- IN THE CONTEXT OF
TRADITIONAL TRIBAL APARTHEID AFRICA, AND IN COMPARISON
TO "BLACK" TRIBAL GOVERNMENTS, THE UNIQUE "WHITE"
AFRIKANERS ARE ONE OF THE MOST STABLE, CIVILIZED,
SUCCESSFUL, HUMANE TRIBES IN ALL OF SUB-SAHARA AFRICA!

THEREFORE, THEY MUST BE SANCTIONED, DEGRADED AND
DISINTEGRATED ON "MORAL PRINCIPLES"?
