Dear Brian Lamb -

The last time I spoke to you was on C. Span during the Primary in N.H. and then I was a Republican voting for Pat Buchanan (spelling) because I liked Pat (until Republican convention) and because I could take no more of George Bush who should never have been President. I am really watching on air in the present and hope of what a Brian -

I ~~send~~ ^{send} this letter is from Barbara Brian from the (profiled in "America's Town Hall") I hope much meeting

gathered there. I liked the way Clinton led the meeting & made it work. I voted for a Democrat for the first time - and because Clinton had gone - for I knew Gore I did not know Clinton. I am very excited by what these two plan.

Dear Brian Lamb —

The last time I spoke to you was on C. Span during the Primary in N.H. and then I was a Republican voting for Pat Buchanan (spelling) because I liked Pat (until Republican convention) and because I could take no more of George Bush who should never have been President. I am really watching on air in the prospect and hope of what a smart young man may do. I ~~read~~ ^{saw} Clinton's secretary editorials from the Boston Mass. Globe that I hope will help him. I learned so much from your televised Economics meeting & I'm not a brain like those gathered there. I liked the way Clinton led the meeting & made it work. I voted for a Democrat for the first time — and because Clinton had Gore — for I knew Gore I did not know Clinton. I am very excited by what these two plan.

As a member of your C-Span America's
Town Hall — Page 35. "The
Sample Voter" I have long been
a real C-Span junkie. I listen
every chance I get and admire
you Mr. Lamb greatly. When I see
your pleasant intelligent face on
the screen I know I'm in for
an intelligent education in what's
happening in our world.

I don't call in often as usually
I prefer to hear the questions of
others. Despite having often been
on ABC's Boston affiliate by
satellite I'm much more nervous
when I call in to you. I do
get a kick out of it though.

I've tried to discern your
personal viewpoint on subjects
that flit across your programs &
only rarely do I catch a brief
glimpse & get a hint of how you feel.

You do your job with such skill
and make your watchers into
devoted fans as you seem to
acknowledge that you know where
your viewers are coming from.

I'll see you often & try to call
someday when a subject needs
(perhaps) my comment & question.

I have made my goal this year to
keep Bob Dole off Clinton's case
except when he, Clinton needs it.
Also to keep in touch with my friend
Mary McGarry of the Washington Post
to see if she'll help me with Dole.

Dole was much kinder on your
call in recently concerning Clinton's
Cabinet Choices (the first choices)
& I immediately wrote him telling
him I was proud of him. I met
& interviewed Dole in NH in 1988
so he knows of me.

I warned him I would persuade
NH. Perot voters to join

with the Democrats if he got too nasty with Clinton until he had a chance to show us what & who he is. I probably can not deliver those Perso-ides but I could try.

I love politics & wish I'd known how much when I was younger. But at 75 I'm much wiser. But I'm not as naive nor innocent for I find George Bush & yes his Barbara very venchative behind her grandmother's image.

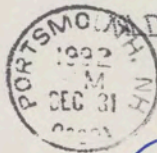

Thanks

Keep being you!

P.S. — Did I love Bush's, Shiner
Thank God for that snow-ball! How often I've wanted to toss a real icy one at him.
