Essay: I watch C-Span Because,

What really takes place under that dome which enhances the horizon of our nation's capital matters to me, as an American Citizen.

C-Span provides those answers.

C-Span goes where I cannot go. C-Span see's what I cannot see. C-Span hears what I want to hear, and delivers it all at home to me.

Whether it's budget or finance or nuclear freeze, or prayer in the schools or space exploration. C-Span provides the coverage for me.

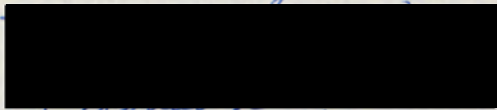

Your talk shows are provocative, your language educational, your information unbiased, non-slanted

to say the least. C-Span provides the
facts.

In essence, C-Span is American.
C-Span is free. I watch C-Span
because C-Span watches for me!

Highest
Regards,
