RE:

Better background of political
guests; particularly congressmen
and senators of minor note or
recognition.

It is my interest and concern
that your guests on C-SPAN
respond to phone calls and your
questioners differently from their
votes.

One recent new senator, moved
up from the house, presented an
image of conservatism, of thrift,
of abstinence, of debt, over spending &
high taxes. Yet this former congress
member has a voting record to the
contrary. Please illuminate their
past history, radicalism, big taxes
big spending for the opposite, if
true prior to their appearance.

Thank you, [REDACTED]
