

To. the Program Director of C-SPAN.

Thank you for an excellent year of programming. Especially in an election year the amount of coverage and fairness to all candidates was unprecedented. I always turned to C-SPAN first for in depth information. I appreciate the attention that was given to Ross Perot.

I watch C-Span all year when I'm not working. I saw first hand the grid-lock, and the fighting & buckering between the Congress. It is a great service to see what our public servants are doing at work.

I enjoy the call-in shows. Sunday morning has become a favorite time of mine to watch C-Span. I may call in sometime, I'm kind of shy. And is it ever exciting to see a military briefing. It is history being made as I watch Colin Powell, + Dick

Cheney speak about the mission in both the Persian Gulf & Somalia.

Thank-you for repeating in full the debates by the Presidential candidates.

As a Pacific time viewer who couldn't be home at 4 or 5 pm - I (as one in many) sure appreciated that.

I am sure looking forward to 1993 - a new year with a new President and a new Congress, and C-Span's coverage.

One idea for you - is to review what happened in the House or Senate each day with one of the members. It would be educational, and informative.

Again - Thank-you for a great year!

Sincerely,
