

C-SPAN-CONTEST

[REDACTED]  
Duncan, Okla. 73533

I watch C-SPAN because it is the best program on TV. C-SPAN has showmanship, satire, drama, comedy and variety programming. It also sets the stage for folly, useless patter, bigotry, love, hate, statesmanship and all the rest of the characteristics that make up the political world.

I am 49 years old and am on total disability, due to a heart condition. I have a degree in accounting and economics and have ample time to watch TV. I would not watch daytime TV if it were not for C-SPAN.

I am a dyed-in-the-wool, yellow-dog Democrat. I am proud to say I can not discern the political preference of any of the C-SPAN broadcasters. This is as it should be for a public affairs network. C-SPAN presents the Democratic and the Republican view in a fair, unbiased manner. C-SPAN treats the Liberal and the Conservative as equals. This kind of treatment is not available on the local TV programs, network broadcasting, state newspapers or any other media available to me.

I studied government in high school and in college but had no idea what government was all about until I started watching C-SPAN. I am becoming a local authority on the issues our Nation faces every day. Our local cable only carries C-SPAN from 8 A.M. to 6 P.M. and only on weekdays. This precludes the possibility of many viewers in this area from watching this program. I have contacted my cable outlet on several occasions in an attempt to make this excellent program available to more viewers. I am certain our voting records would change if more of the populous watched C-SPAN. I hold this view as I feel the majority of the nation's voters are uninformed on national issues.

I have only a minute chance of winning this contest but I am a winner because I do watch C-SPAN and C-SPAN watches the world. Keep up the good work. Stay free and help keep America free.
