Dear Brian Lamb,

Two more great programs!
Frederick Downs is so interesting. I must
read his book! I love Cohen & Phillips!
And - today! It is so fortunate for me to hear these
people "face to face". Both of these people
appear to be well informed. I feel
I heard all of the Jackson Coalition. I am
that each candidate has worth. I am
grateful to CSPAN for presenting them.
I honestly dread Bush's juggernaut which
will follow the state of the Union -
By the way - when do you go to N. H.?
Sincerely
