We want to thank you -

C - Span for your coverage
of the convention. In the
past - they would cut off on
the speeches we wanted to hear
to listen to a ridiculous
commentary from a nobody.
Then we had to listen to
what the various Anchors
tell us ^{what} the President or
Vice President said. As if
we were too stupid to under-
stand what was said.

Truthfully, they tried to shape
out thinking to what they
wanted us to think.

Not too many years ago -
Hitler and the Nazis were
very successful in shaping
the thinking of the German
people. Well thank God
for C-Spon that lets us
do our own thinking.
