[redacted] (junker is going
to Jefferson City Mo 65009) ing I got mad
a [redacted] when you get mad a Susan
it's time to hang it up!

This morning Susan let the fat
man from N.Y. talk + talk + talk repeating
over + over the same thing. Using numbers
no one could prove or disprove.

People calling in are so rude
+ insulting. In your old format there
were maybe one or two a week that
would be insulting. Like the caller this
morning that called the fat man "fat"
he should have been cut off.

I think you should say
"a caller gets 30 seconds to make a point"
and they get cut off if they get rude
or personal. If they have 30 seconds
it would stop some babbling!

After the election I hope you
go back to first come first serve.

I'll tune in again 11/7.
