

Hey everybody!

I hope all is well. I've been rather busy with law school testing and applications, in addition to tennis and classes that I haven't had much time for anything else. I meant to write a lot sooner. Sorry. I hope you all liked the package I sent. My mom was really worried that it would melt, if it did I'm sorry. I can't say I miss the humidity of D.C. But, when I tell my friends about my summer, they're so jealous. I really appreciated all of the opportunities available to me this past summer. I'll never forget what a great summer it was. I really liked working with all of you, I miss it already! Maybe I'll get in to Georgetown Law. Then, I could visit all the time. Oh well enough dreaming!
