Dear Mr Lamb:

Thank you for showing the conservative conference. Mr Brock was also interesting.

The lady who wrote on "Health Care Plan" has read the whole thirteen hundred pages & had her article explaining it in the "New Republic". I believe having guests on C-Span like her, would be better as a guest on health care information.

I enjoyed listening to the Perot meetings. I am not fond of him but I believe his members are very concerned about what is happening to our country.

Thank you for C-Span.
Sincerely,

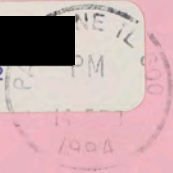

Carlton
