

G. Spain's -  
Convention Packet:

444 North Capital Street - N.W.,  
Suite 412 - Apt. Sky.  
Washington, D.C., U.S.A. - 20001.

To whom it may concern.

I have been watching your telecast 'G-Spain via Sky Channel' nomination coverage, Switzerland.

I am pushing seventy years of age. Never, have I had the opportunity to be so fortunate to see, listen and learn so much about each of the nominated parties through the questions and answers via the pre-nomination coverage.

Whether one agrees or dis-agrees with the pro's and con's of the Democratic or Republican parties platform of ideals, inspirations and/or intentions, I can truly say, that the coverage is highly informative and interesting. Especially the direct and unrehearsed conversation gives a pleasurable opportunity to compare one's own views to another's thoughts of reason, intent or purpose, which are spontaneous, comprehensive and rewarding. 'I thank you'.

Would you kindly forward me the pamphlet you offer 'as the Convention Packet'.  
I remain an ardent viewer,

Monsieur.
