Dear Sir

002573 AUG 14 1991
You are treading
holy ground for me when
you criticize Bill Moyers
for introducing more of a
thoughtful nature to the
pretty materialistic TV fare
we get today.

Moyers is thoughtful,
intelligent, kind, truthful,
and courageous. His
excellent broadcasts on the
Gulf War + other recent events
told the truth to the people -
a rare thing on TV today.

I am very thankful for Bill
Moyers. I understand him,
believe him, and wish he'd
run for president. However,
he's probably wise enough not
to

By the way, how do you phone

in to your program?
I'm very suspicious about
the fairness of these phone-in
programs.

How much does George
Bush pay you for trying
to stave off investigation of
of a very treasonous act done
in the "October Surprise"? .
