RE: MUST CARRY...CABLE LAW 1992
August 6, 1993

Mr. James Quello
Federal Communications Commission
1919 M Street, NW
Washington, D. C. 20554

Dear Mr. Quello:

I NEVER thought the day would come; I would draft a letter to MY? Government asking permission to view what I chose. NEVER thought MY GOVERNMENT would censor my viewing habits by choosing what TV stations I can or cannot tune to.

To interfere with Business Enterprises that have done NOTHING WRONG IN MY OPINION... Infringe upon MY personal freedom is just appalling! Add insult; expect me to PAY for CENSORSHIP--boggles "MY" LITTLE MIND... you feel I CANNOT decide what's "GOOD" for me to see.

Two years ago, I wrote to my Cable Company thanking them for carrying C-SpanI & C-SpanII "especially."

The FILTH such as the Kiddy Porn on MTV FROM MORNING TO NIGHT OF HALF NAKED YOUNG WOMEN, THE SEXUAL GYRATIONS and so on Why is this more Important than watching our Government in action?? And we WONDER why our children have NO MORALS!!

DUE TO "MUST CARRY" I Lose C-SpanII in part. I ALWAYS had access to the MUST CARRY STATIONS ON MY OTHER TV's; PLUS the CABLE COMPANY furnished me with an A/B SWITCH from the day I subscribed free of charge!

* If I'm interested in CARTOONS and THINGS INFERIOR, I have the Present Administration to look to.

Please explain why I should be happy to accept this LAW!

Sincerely,
