What's going on? You had
a Liberal on yesterday (Curtin)
and a Liberal on today (first)
The man on today really ~~scared~~
scared me. He really says
very little that makes sense.
His telling us how wonderful
Gore is really is danger-
ous. I don't think he has
the best interests of our
country in mind. We never
heard Walter Shapiro because
our TV was off for over 2
hrs. (6/5/98). The man
who called in after 6:30 (our
time) who said he was really
all the time by polls - Is
he a Liberal - Why didn't
you ask him Susan. I
think it's because you
knew he was a Lib. It
proves the point - At some
people are called at the
time.
