C. Span.

We have Viacom Cable here in
Oroville area.

We can not get C Span II and
same time we get C Span I only
when This Butte College does not
want it.

Every where else you can get
both with no interruptions.

Asked cable about this they
are rude & say they have nothing
to do about it.

We get CNN OK. = with this
election coming up why can't we
have the C Span stations with
no interruptions.

We play plenty for almost
nothing on our cable.

Please check this out
