C. Span

Washington D.C.

This is probably the fourth or
fifth letter concerning the Toqueville Tour
Journey.

This morning your broadcast
at 5 AM instead of 5:30 AM - which has
been your usual time. I happened to
wake up early this morning & did see
Dubee City.

The time of the broadcasts
(5 AM or 5:30 AM) is a terrible time for the
Pacific coast -

No matter how many times
I write, nothing changes.

It's very disappointing!
Why are your numbers different
for instance - on the schedule/map

O. TOC9 R

Nagsara Fall - #36 - announcer said #28
Montreal (on Map #37 - announcer said #29
Quebec City - Map #38 announcer said #30 -
why ~~are~~ the difference between
the map & the announcer.

If you didn't give so much
time to Arianna Huffington & the speaker
of the House ^{rather than} maybe you could
rebroadcast the journey more
often -

When I am able to
hear & see the journey I appreciate
it very much. I just wish
it could be shown for the Pacific
Coast at a more convenient time -
Sincerely

This letter is not for
print or broadcast
Thank you -
