RE: Richard Nixon
Rest In Peace

Dear C-SPAN:

Thank you for your coverage of public affairs. Much of my knowledge of public affairs comes from your programs. It is interesting to see how you handle controversial subjects like President Nixon. I voted for Nixon two times and therefore I am interested to see his legacy is handled fairly. I have not watched every minute of your programming. However, there are several points you may have overlooked.

First - Everyone knows that the Kennedy's and the Mafia stole the 1960 election. Nixon showed his great patriotism by refusing to contest the election. Nixon said, "It would caused a Constitution crisis." I am sure that ~~the~~ most of Media would say that the end justifies the means.

Second - Why did the Commi-Lib-Socialist Dumb-o-crats hate Nixon? Answer: because he sent the communist Alger Hiss to prison. Hiss was a communist mole that had moved up on the White House staff to where he was a close advisor to President Roosevelt. The Commie-Libs denied that Hiss was ever a communist, but we now have access to Russian KGB Records, and we know that Hiss was a communist.

Third - Concerning Watergate, Nixon told a lie when he denied it. Nixon did not know about Watergate at the time it happened, but he told a lie to try to protect his presidency. As a result the Commi-Lib-Socialist Dumb-o-crats have managed to paint Nixon as the worse criminal in American history. How many lies have we heard from our current Dum-o-crat president?

Friday November 19, 1999, C-SPAN broadcast a speech by Ben Bradlee of the Washington Post. The post hates Nixon more than anyone, and it showed. For example, the Post bought the Woodward story and the Deep Throat myth. Incidentally, Bradlee says that he knows the name of Deep Throat. Rather he says that he knows who Woodward said Deep Throat was. This equivocation shows that Bradlee knows that Woodward is a big liar. Who does Bradlee think he is kidding?

O. Amer Pres

Bradlee spent over an hour on C-SPAN trashing Nixon. He never modified one word. He continued without respite. The Commi-Lib-Socialist Media has spent 25 years dumping manure on Nixon. I say enough!!! Bradlee says that Nixon did not like people. Nixon was not friendly. Nixon did not have any friends. Nixon never had any fun, etc. The cruelest blow involved Katharine Graham, Bradlee's wife. Bradley said that Nixon looked down Katharine Graham's dress. Maybe Nixon was trying to talk to her. and to look her in the eye. In fact, Katharine Graham confirmed that, indeed, Nixon looked down her dress. Bradlee even has a photograph of Nixon looking down Grahams' dress. This photo is on the wall of Bradlee's office.

I have always wondered why Bradlee married an ugly woman like Graham. Bradlee is not the first poor punk to marry an ugly, rich and powerful woman.

Bradlee was laughing while he was delivering his manure-dumping diatribe against Nixon. Bradlee was laughing, but very few others. Were the C-SPAN media types laughing? Unfortunately, I have lost some respect for C-SPAN. The Commi-Lib-Socialist-Dumb-o-crat Media needs to remember that Nixon was elected Vice President two times and President two times. This was despite Herculean Media efforts to defeat him.

Sincerely yours,
