

LAKE HiAWATHA, No. J. 07034
4/28/94

Dear Sir:

This is in response to handling of Mr. Nixons funeral, and an episode the day before.

It's one day after his funeral, and as I think back, I feel you folks did an honorable and creditable job, covering it from start to finish! For this, we of this household thank you?

As to the episode which took place the day before, this family condemns your organization, and yourself, for allowing the show to take place! On this show, appeared a person named Jules Witcor, who in a vicious, hateful, and vindictive diatribe, tore up the deceased all show long! So consumed with scorn, and so lacking in compassion, poor Jules attempted to destroy Mr. Nixons very memory!

When the last of Jules Witcor's columns have been used for anal cleansing (a use which is so

eminently fitted) the memories of the late president shall continue to soar?

If Jules display, disgusting as it was, is your idea of respectful, and unbiased telecasting you have sorely failed in these respects! If however, you attempted to show us yet another example, of the vindictiveness of the left wing you have done just that!

In closing, we here at this home, really feel poor, poor, Jules needs a lot of medical help, and the sooner the better!

Sincerely,

[Redacted Signature]
