This letter is written to you in regard to one of your programs which aired Mar. 25, 1994, called Journalist Round Table.

One of your guest named Michael Duffy made a statement (which) was untrue about Neil Bush, and the S. & I. scandal. His statement was that Bush made no personal gain from that mess. Well he sure did, he received a huge loan that did not have to be paid back. If that is not a personal gain what is? Nothing makes me angrier than to

hear remarks such as that made by Duffy. If he can't tell it might don't tell it at all.

Maybe you people need to clean up your act with your guest.

Did you know Bush had political aspirations until he was involved with that scandal? Lets not cover up Bush mess with untruths. His brother George thinks he wants to be our Governor. God forbid. If he made as big a mess with our State as he has the Texas Rangers ball team. Lord help our State.

Thanks
