

April 7, 1999

To whom it may concern.

I have been watching your programs on C Span + C Span 2

I want to let you know that you have a camera that has a scallop to your guests on your program. It is very annoying to sit and watch a program that is not clear. I would like for someone to clear up the image we see on the programs.

This is what I see E.

Your guests have scallops everywhere. Eventually no one has been informed about it. So would you please check it and make it more clear.

I enjoy watching your interviews with your guests + your call ins.

Your interviews sometimes

O.WJ

cuts off someones question, as if
you don't want to hear what
they have to say or what their
questions pertains to.

Keep up the good work in
informing the public as to
what is going on in our
government.

Keep a little deeper on some
issues being brought up. for
answers.

Sincerely
