MR BRIAN LAMB:

enjoy C-span and most of all, your show,
a excellent program.

When your guests praise Ronald Reagan, have they
ever told you how they can keep a straight face?

Why does your guests give credit to some man or
woman for the fast changing times? Winston
Churchill in a speech here in Fulton, Mo. many
years ago after W.W.II, he said, "There is a
unseen hand working things out here below!"

Albert Einstein said, "Some where there is a perfect
mind". As you well know neither man could be
called religious in any sense of the word. Why
doesn't your guests give credit, where credit is due?
Is it idiocy? Lack of knowledge? Just plain dumb?

Reagan's mind slips in and out of gear all the time.
I lived in Calif. when he was governor - oh, god!

How would you like to buy a used car from Gordie -
baby? Keep up the good works —

Sincerely

THIS note WASNT intended to be a personal
assassination on MR Reagan --- to long a history
of cancer - to many cancer cells in the
blood stream - to long in Hollywood reading
lives, to long living in that kind of a
fantasy world. Lived with a smart-ass
brood to long - told what to do and what
to say - maybe he should of taken the route
of F.D.R. --- blow himself away with a army
45 pistol - in the head that is, that part of
history was never recorded. A closed casket
honor party drunk, arrived in capital from
warm springs, Ma. W.W II in progress, about
to end - their little tin god --- no way!

F.D.R was my generation's tin god!

Reagan's is your generation's Plastic god!
He caused this country a lot of hurt, pain and
tears --- a lot of joy to the very, very rich!
F.D.R gave away eastern Europe in February to Stalin
he later came to the knowledge of what he had done - he
knew he brought hurt, pain and tears, lost freedom to

eastern Europe, millions would die. He won his fourth term on the Slogan - "Don't change horses in the middle of the street" - No wonder there was a closed casket funeral with head blown away - -- Not unlike Kennedy - J. F. K.'s closed casket - ! he was truly a little tin god.

Mr BRIAN LATH, you no doubt have this knowledge - does your guests? To your generation Reagan can do no wrong - he is your generations "little Plastic god" - worship your god, as mine did theirs -

Please forgive this old man for his writing, grammar and spelling - etc. There is so much the younger generation doesn't for it has never been recorded in history - "what's good for the party" - --- to hell with our country and freedom this old man has seen so very, very much of freedom go down the tube - Washington, DC seems populated with greedy rotten bastards, how can they stand ^{their} stink?
