Dear Mr. Lamb,

I am writing to tell you how very unhappy we are with your new calling numbers on the C-Span Journal. We have been enjoying C-Span on a daily basis for the past $3\frac{1}{2}$ years. You may not understand how very limited, we conservatives are, in getting our opinions heard.

Believe it or not, C span and "Rush Limbaugh Like" shows, on radio are the only outlets that we have to get our opinions heard without interruptions and without ridicule. Almost every other media in the country, leans largely to the left!

I can't see what good it does to have democrates calling in with opinions on Republican's presentations? We pretty much know what we can expect from them!

How can you monitor the calls that are coming in on the wrong telephone lines? Shouldn't the people who have waited the longest, be taken first?

We used to just love your journal shows, but they have really lost their quality of late. The journal seems to be going the way of all the other T.V. call in shows, It is now becoming "Politically Correct" and "FAIR" (Sigh)!!

Please Bryan, give us back the high quality shows that we are all used to getting from your stations.

P.S.

Your Republican
convention coverage
was Great!!

Sincerely,
